PROFILE

A former professional football player. I am now a dedicated, confident, enthusiastic and highly motivated individual with a proven track record in coaching. I have worked at a step 5 semi pro club, Harefield United Football Club. I have gained extensive and valuable knowledge and experience in English football in the last 11 years. Regularly visiting professional football academies such as QPR, West Ham United and Reading FC, and learning on coaching courses held by The English Football Association allowed me to get insight into one of the best youth development in the world. I have worked with the age groups from U8s through U18s and Reserves squad throughout my coaching career and have helped players to get into academies, Allied Counties Teams, Reserves and First Team football. I am a team player who recognizes the value of leading by example and the importance of attention to detail as well as showing passion and enthusiasm for both the role and the subject. Confident in operating independently under my own initiative as well as achieving and surpassing objectives as part of a team. I am an adaptable individual who can “fit in” quickly and deliver. Ready for the big challenge and opportunity to reach my objectives.
